

A silver Apple Time Capsule hard drive is shown on a wooden surface. It is connected to a black power adapter and a network cable. The power adapter has a power cord and a cable connected to the back of the drive. The network cable is connected to the front of the drive and has a small white label with '100' and '448-00' on it. The drive has the Apple logo and 'Time Capsule' text on the front.
