

Run Starchive cleanup only process

This is an assumption you saved the starchiverT3-ext.sh to /tmp. If its in a different directory please cd /yaddayadda

```
sudo curl -o starchiverT3-ext.sh https://raw.githubusercontent.com/StardustCollective/Starchive-Extractor/main/starchiverT3-ext.sh
```

```
cd /tmp
```

```
sudo ./starchiverT3-ext.sh --onlycleanup --data-path /var/tessellation/dag-l0/data
```
